

**FACULTY OF PHARMACY WITH SUBFACULTY OF LABORATORY MEDICINE,
MEDICAL UNIVERSITY OF GDAŃSK**

List of subjects for Erasmus student (in English language).

Subject	Total number of hours	Course ends	ECTS
Biochemistry	105	exam	10
Clinical Biochemistry	30	Credit with mark	2
Pharmaceutical chemistry	205	exam	14
Pharmaceutical biotechnology	30	Credit with mark	2
Synthesis and chemical technology of drugs	75	exam	5
Microbiology	90	exam	5
Immunology	30	Credit with mark	3
Toxicology	90	exam	6
Pharmacokinetics	30	Credit with mark	2
Pharmacology and pharmacodynamics	145	exam	12
Economic and management in pharmacy	30	Credit with mark	2
Biophysics	30	Credit with mark	4

Other subjects included in the program of studies are conducted only in Polish.

List of Departments which accept Erasmus students for master's thesis:

1. Department of Pharmaceutical Chemistry
2. Department of Chemical Technology of Drugs
3. Department of Pharmaceutical Microbiology
4. Department of Toxicology
5. Department of Pharmaceutical Technology
6. Department of Biopharmacy and Pharmacodynamics
7. Department of Pharmaceutical Patophysiology

List of Departments which accept Erasmus students for research practice (after graduation):

1. Department of Pharmaceutical Chemistry
2. Department of Pharmaceutical Biochemistry
3. Department of Chemical Technology of Drugs
4. Department of Pharmaceutical Microbiology
5. Department of Toxicology
6. Department of Pharmaceutical Technology
7. Department of Biopharmacy and Pharmacodynamics
8. Department of Physical Chemistry
